Education

B. Tech in Computer Science and Engineering
Sandip University, Nashik
CGPA: 8.34

Nashik, India
Aug 2023 – Present

Objective

To pursue graduate studies in computer science and engineering, leading to a career in Tech and Research.

Scholastic Achievements

- Done a Research Paper Work in the 1st Semester of college on Noise Pollution as part of Academic Curriculum.
- Have a Strong Network in University with Students and Faculty

Skills

- Programming Languages: Java, C/C++, Python.
- Platform: Windows, VS Code, Jupyter Notebook, Git, Github.
- API Development

Courses

- Curriculum: Data Structures and Algorithms, Object-Oriented Programming, Computer Graphics, Computer Architecture.
- Statistical Learning: Machine Learning, Cyber Security, Computer Networks, AWS, Web Development, MATLAB Programming, Azure Fundamentals.
- Mathematics: Probability-Statistics-Stochastic Processes, Discrete Mathematics, Linear Algebra, Graph Theory, Integral Calculus, Algebra and Differential Calculus

Extra-Curricular Activities

- Programming Contests: Actively participate in programming contests.
 - Participated in NASA Space Apps Challenge 2023 and 2024
- Student Clubs
 - Chief Coordinator at Events Club in University.
- Served as a Student Mentor for the CSE Department First Year Students. Helped them get acquainted with the college studies and environment.

Certifications

- Postman API Fundamentals Student Expert Certification
- Certifications by University
